Dr. George Pimentel  
Jackson State Community College  
2046 N. Parkway  
Jackson, TN 38301

Dear Dr. Pimentel,

The ATMAE Board of Accreditation conducted their annual accreditation hearings on Wednesday, November 3, 2021. Your Progress Report request was among those reviewed and considered. We are pleased to notify you that the following program is granted ATMAE accreditation with no further action required.

- AS – Engineering Systems Technology: Multi-Skilled Maintenance Technician Concentration

The program will be eligible for ATMAE reaccreditation in 2025. We will send reminder notices regarding future deadlines, but it is the responsibility of each institution to keep ATMAE informed of changes to accredited programs and or contacts handling ATMAE accreditation.

We hope that the accrediting services provided by ATMAE have been beneficial to your program and we look forward to your organization's participation in the development, implementation, and evaluation of the appropriate standard for our profession.

Sincerely,

Amy Good  
Director of Accreditation
