Alcohol Awareness Day

Kevin reminded us all that help was needed after the meeting to set up for tomorrow's Alcohol Awareness Day.

Nicole explained the changes being made in the theme of the event from tiki bar to pirate ship and asked about karaoke for the entertainment.

Kevin said that he thought it would be a great idea and everyone agreed.

Nicole said that the Health Department and the Sheriff's Department would be at the event talking about the relationship between sex, drugs, and sexually transmitted diseases.

Awards Ceremony

Kevin informed the group that refreshments would be served after the ceremony.

Dancing With the Professors

Everyone was excited about the upcoming event. Kevin said that Innovations would sing after the contest part of the program is over.

Campus Beat Day

Nicole said that no one has any idea what this thing is so we are ignoring it altogether. Apparently Bill must have misunderstood this and may have confused it with Nicole's proposal to help clean up our campus. If there is anything to it, it will turn up somewhere.

Kevin adjourned the meeting at 2:14pm.
