Hepatitis B Immunization Health History Form

All Students Must Complete

The General Assembly of the State of Tennessee mandates that each public or private postsecondary institution in the state provide information concerning hepatitis B infection to all students matriculating for the first time. Tennessee law requires that such students complete and sign a waiver form provided by the institution that includes detailed information about the disease.

The law does not require that students receive vaccination for enrollment. Furthermore, the institution is not required by law to provide vaccination and/or reimbursement for the vaccine.

Hepatitis B (HBV) Immunization

Hepatitis B (HBV) is a serious viral infection of the liver that can lead to chronic liver disease, cirrhosis, liver cancer, liver failure, and even death. The disease is transmitted by blood and or body fluids and many people will have no symptoms when they develop the disease. The primary risk factors for Hepatitis B are sexual activity and injecting drug use. This disease is completely preventable. Hepatitis B vaccine is available to all age groups to prevent Hepatitis B viral infection. A series of three (3) doses of vaccine are required for optimal protection. Missed doses may still be sought to complete the series if only one or two have been acquired. The HBV vaccine has a record of safety and is believed to confer lifelong immunity in most cases.

_____ I hereby certify that I have read this information and **I have had the entire series of the Hepatitis B vaccine.**

_____ I hereby certify that I have read this information and **I have elected not to receive the Hepatitis B vaccine.**

_____ I hereby certify that I have read this information and **I have elected to receive the Hepatitis B vaccine and/or I am in the process of receiving the complete three dose series of the Hepatitis B vaccine.**
